

# Directions for Multiplication Battleship

- This game is best played in partners.
- Each child needs their own page. (Consider laminating for repeated use.)
- Each child colors in their ships on the top grid.
- Partners take turns choosing a location to attempt to “bomb.” They do this by stating the equation (ie.  $5 \times 8 = 40$ )  
*The first number in the equation means across, and the second number means down.*
- They mark their attempts on the lower grid.
- When every part of a ship has been hit it is sunk.
- If a partner misses, the other partner simply says, “Miss.”
- If a partner hits, the other partner simply says, “Hit!”
- If a partner says the answer to the equation incorrectly, the other partner simply says, “Misfire!”

| 6  |   |   |   |   |   |   |   |   |   |    |    |    |
| 7  |   |   |   |   |   |   |   |   |   |    |    |    |
| 8  |   |   |   |   |   |   |   |   |   |    |    |    |
| 9  |   |   |   |   |   |   |   |   |   |    |    |    |
| 10 |   |   |   |   |   |   |   |   |   |    |    |    |
| 11 |   |   |   |   |   |   |   |   |   |    |    |    |
| 12 |   |   |   |   |   |   |   |   |   |    |    |    |

Place your ships around the board.

Take turns bombing each others board in an attempt to sink your partner's ships.

Bomb a space on your partner's board by saying the equation that matches where you want to bomb. (5x8=40 , this means 5 across, 8 down)
